T.C. Dodd	R.P. Okeefe	L.O. Garraway	B.W. Poersch		

- 1.) Once assigned a checking period, it cannot be changed. It is yours forever!
- 2.) Once a slot is vacated, everyone in that column will move up, keeping their same date, but moving the empty slot to the bottom.
- 3.) Anyone working Kancea that requests' a checking period shall be assigned from LEFT to RIGHT on the FIRST available vacant slot.
- 4.) In the case of multiple requests' for a checking period at one time, the slots will be assigned by seniority and once again, filled from the first available slot working left to right. Kancea engineer classes will be filled the same way based on seniority order, **however, LETP class completion after scheduled test date could affect checking period assignments.**
- 5.) There will be NO preference given. Any vacant checking period will be filled from left to right
